– PRINCESS BALLERINAS –**

MISSION:

The Point A School of Dance is dedicated to dance education for the developing young dancer ages 3 to 18. We will offer guidance through proper dance technique as well as individual attention and respect towards each student. Our philosophy is focused on instilling a passion for dance while also building confidence and poise in every child. We also promote positive group interactions and cooperation with others while providing a fun, structured physical activity in a positive atmosphere. We strive to be on the cutting edge of the dance world, bringing fresh and fun choreography while exploring the artistic side of dance. Our main goal is to inspire growth and passion in each dancer while providing them with a creative outlet. **The Point A School of Dance is for a dancer that is more committed and serious than the recreational level.**

GOALS:

To efficiently train dancers with modern or hip hop based technique while incorporating musicality. To develop a truly versatile dancer that can seamlessly transition between dance genres. To instill a depth of performance that will consistently move an audience.
